Step 1

Log In <https://hk.unfranchise.com>

The screenshot shows the UnFranchise Business Account dashboard. At the top, there is a navigation bar with the UnFranchise logo, a language selector (English/中文), and account settings. Below the navigation bar, there are several menu items: Ordering, My Account, My Customers, My Organization, Downloads, and Help & Training. The main content area is titled "Dashboard" and contains several widgets: "System Alerts" and "Personal Alerts" on the left; "New Products" and "Top Products" in the middle; and "Event Ticket Purchase" on the right. The "Event Ticket Purchase" widget features a prominent announcement for the "Market Hong Kong Annual Convention 2016 Tickets Online Presale has Started!". Below these widgets, there is a "Welcome" message, a "Quick Order Entry" form with fields for "Prod Code" and "Qty", and an "UnFranchise News" section with a language dropdown menu.

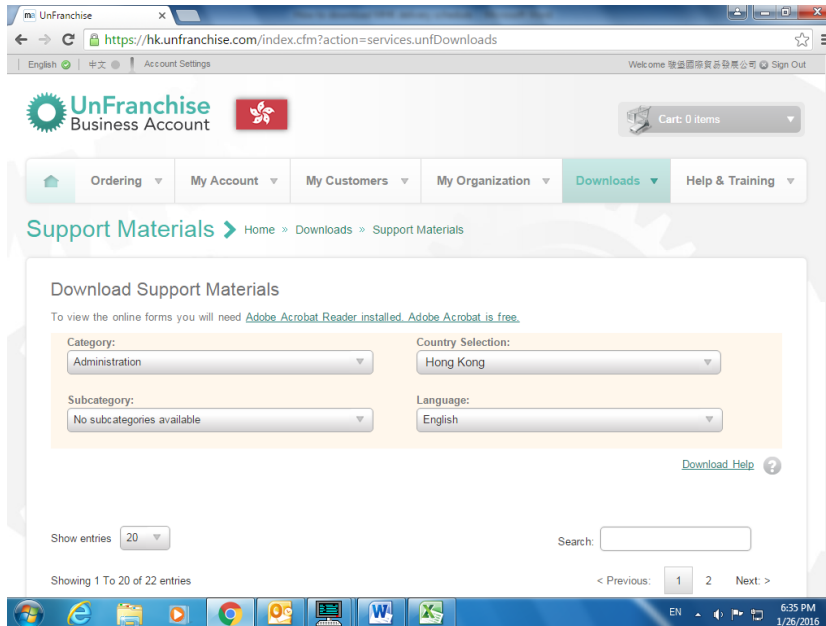

Step 2

Downloads > Support Materials

This screenshot is identical to the one in Step 1, but with the "Downloads" menu item highlighted. A dropdown menu is visible, showing two options: "Audio Downloads" and "Support Materials". The "Support Materials" option is highlighted in orange, indicating it is the selected item. The rest of the dashboard content remains the same as in Step 1.
