## FEATURING VICE PRESIDENT KEVIN BUCKMAN

Kevin Buckman is a Vice President of Market America, but maybe even more importantly, he has been an UnFranchise Owner for 22 years.

Since being an UnFranchise Owner, he has built one of the most stable and consistent sales and distribution organizations in Market America resulting in the generation of a significant six-figure annual income.

He built his business with a passionate, intense, and no-nonsense approach focusing on not just what to do, but how to do it, and why it must be done to realize the 2-3 year plan.

He is definitely someone you want to, not only, get the distributors in front of, but, anyone that may be considering the Market America UnFranchise Business Development System.
