This time of year is very refreshing for me. We're in between World Conference and International Convention - which means we're still buzzing from the momentum of Miami and also charged by the anticipation of Greensboro. But this time of year is special for another reason: It's the company's anniversary. This year we are celebrating 24 years of life-changing growth, empowerment and success.

Naturally, at every anniversary I like to reflect on where we've been. I think back to the small, rented home that was the first Market America headquarters. The Corporate Team did it all – answered phones, filled boxes, wrote newsletters and everything in between. It was exhausting, but we were fueled by an idea and a dream, and we knew that we had to do whatever it took to make big things happen. Now, 24 years later, big things have happened: We have offices

THIS YEAR WE ARE

OF LIFE-CHANGING

AND SUCCESS.

CELEBRATING 24 YEARS

GROWTH, EMPOWERMENT

in nine countries (and growing), UnFranchise Owners and customers all over the world, and thousands of people who have had their dreams realized through hard work on their Un-Franchise Businesses.

I can't reflect on the more recent times without thinking

about the Shopping Annuity. It's not a new concept - the idea has actually been around since the beginning - but it has finally come to fruition over the past couple of years. It's been the catalyst for unprecedented growth for UnFranchise Owners all over the world. It's allowed people to become economic alchemists to convert their spending into earning and fulfill their dreams. But the really beautiful thing about the Shopping Annuity is that even now we haven't realized its full potential yet. It will just continue to get even better from here.

My reflections are also highlighted by our amazing people power. We have the best people in the world in our Market America | SHOP.COM family, both in our corporate offices and in the field. Not a day goes by that I don't feel an immense appreciation for the people that we have making this business work every day. As successful businesses often do, we've faced our share of attacks to try to capitalize on our success or take us down. We've even been betrayed by some of our own. Not only have we overcome these challenges, we have prevailed and come out stronger than ever every time. This is undoubtedly due to the loyalty and support of our family, and serves as a testament to our strength as a company and a business.

These challenges also serve as opportunities for us to reflect. We can reflect on our "why" and on the company's "why," and re-evalu-

ate our success, priorities, values and loyalties. The company's priorities, values and loyalties remain unchanged over the past 24 years: We are unwaveringly dedicated to our UnFranchise Owners. This is our "why." This is what has made us (and you) successful for all these years. Not a day goes by that I don't think about that.

I also like to ponder where we are going. This really gets

BUT THE REALLY BEAUTIFUL THING ABOUT THE SHOPPING ANNUITY IS THAT EVEN NOW WE HAVEN'T REALIZED ITS FULL POTENTIAL YET. IT WILL JUST CONTINUE TO GET EVEN BETTER FROM HERE.

my brain spinning. Sometimes it's hard to imagine that we could even accomplish anything that we haven't already or be any better than we already are. But you'll never be bigger than your dreams, and I've always dreamed big. We may not realize what the next best thing is, but I guarantee that we will find it and we will accomplish it. I hope that you're in the wheelbarrow to find out where we are going next, because we're just getting started with making our magic moments happen.

We've come a long way in our 24 years. But we've only just begun. There are many more accomplishments to celebrate, lives to change, and dreams to realize. I hope that one of them will be yours.

I believe in you. Keep growing.

AROUND THE WORLD: **EUROPE**

Entrepreneurs in Europe are taking full advantage of new programs and exciting training opportunities throughout the region.

Market United Kingdom recently held a series of events in London with Executive Director Bonnie Philo and Director Gigi Souritzidis that created strong momentum for all attendees. The market has also begun a series of training events on MeetON. com, the first of which was a TLS® Training by top TLS Trainer Julie Lansiedel.

Continuing the momentum, Vice President Andrew Weissman conducted a UBP in March to a large crowd at the London office. Director of Market UK and Field Vice President Phil Guido is also presenting at events throughout the market. UnFranchise Owners (UFOs) are taking full advantage of these powerful speakers and tickets are selling quickly — the May Local Seminar in London with National Supervising Coordinator Dan Herlehy sold out almost three months in advance. Andrew Weissman recently returned to London along with JR Ridinger to conduct a Shopping Annuity Bootcamp, which was described as "one for the ages."

Market United Kingdom also recently congratulated Shelly Mitchell from Scotland and Len Allen from London, who qualified

for the Shopping Annuity* Bonus Program (SABP). Shelly and Len took full advantage of all the UK has to offer, such as the new SHOP Groceries program, which has been very popular with UFOs and customers since its launch. Len's hard work with the SABP also led to him reaching Master Coordinator.

UFOs in Market España are also working hard to qualify for the SABP. To help more people qualify, Market España UnFranchise Services created a very simple five-step guide that shares how to get involved and convert spending into earning. Shoppingannuity.com and its materials have also been translated into Castilian and Chinese to meet the needs of this diverse market's UFOs.

There will be more good news for the Asian community in Spain soon, too, due to the enormous success these entrepreneurs have achieved. The Product Catalog, Flip Chart and Getting Started Guide will be translated into Chinese soon. Market España UnFranchise Services is also working to translate some short audios to Chinese that will be uploaded to the UnFranchise Media site.

The UnFranchise Business | SHOP.COM continues to grow globally. Check here each issue to learn more about one spotlighted region. Coming up next issue: The Americas.

CELEBRATING MEN'S HEALTH

THESE ARE A FEW SIMPLE WAYS THAT MEN CAN TAKE CHARGE OF THEIR HEALTH.

BY DR. ROBERT BLAIR, STRATEGIC RESEARCH SCIENTIST

When it comes to taking care of our health, men are typically less diligent than women. According to the Agency for Healthcare Research and Quality (AHRQ), "men are 24 percent less likely than women to have visited a doctor within the past year and are 22 percent more likely to have neglected their cholesterol tests." Given the facts that, compared to women, men are 28 percent more likely to be hospitalized for congestive heart failure and 32 percent more likely to be hospitalized for complications related to diabetes, it is important for men to start taking their health care a bit more seriously.

According to the Centers for Disease Control (CDC), some of the leading causes of death in men are heart disease, cancer (especially lung and prostate cancer), stroke, diabetes and suicide. Fortunately, there are steps men can (and should) take to reduce their risk for these and other health conditions. The first thing men can do is to make good lifestyle choices. This includes eating a healthy diet, getting a good night's sleep and getting plenty of exercise. According to the CDC, not getting enough sleep (i.e. seven to nine hours each night) has been linked to several chronic health conditions including diabetes, obesity and depression.

Similarly, eating a healthy diet can help reduce men's risk for chronic health conditions like heart disease and obesity. One key to eating healthy is to consume plenty of fruits and vegetables. These are considered "nutrient-dense" foods since they are rich in vitamins, minerals and fiber, while being lower in calories. Additionally, the CDC recommends eating foods low in saturated fat and cholesterol and high in fiber to help prevent high blood cholesterol, and limiting salt intake to help maintain a healthy blood pressure.

The third lifestyle change men can make is to get plenty of exercise. Regular physical activity can help men maintain a healthy body weight, lower blood cholesterol levels, improve blood pressure, reduce stress, and reduce the risk for chronic health conditions. According to the CDC, adults need at least two hours and 30 minutes of moderate-intensity aerobic exercise each week and muscle strengthening exercises that work all major muscle groups on two or more days per week. Moderate-intensity exercises are those that raise your heart rate and make you break a sweat; examples include activities like walking fast, riding a bicycle on level ground, water aerobics, etc.

In addition to getting adequate sleep, eating healthy and getting plenty of regular physical activity, men can also consider including dietary supplements as part of their path toward better health. While we may do our best to eat a healthy diet, very few of us get all the nutrients we need from our diets. Dietary supplements, such as

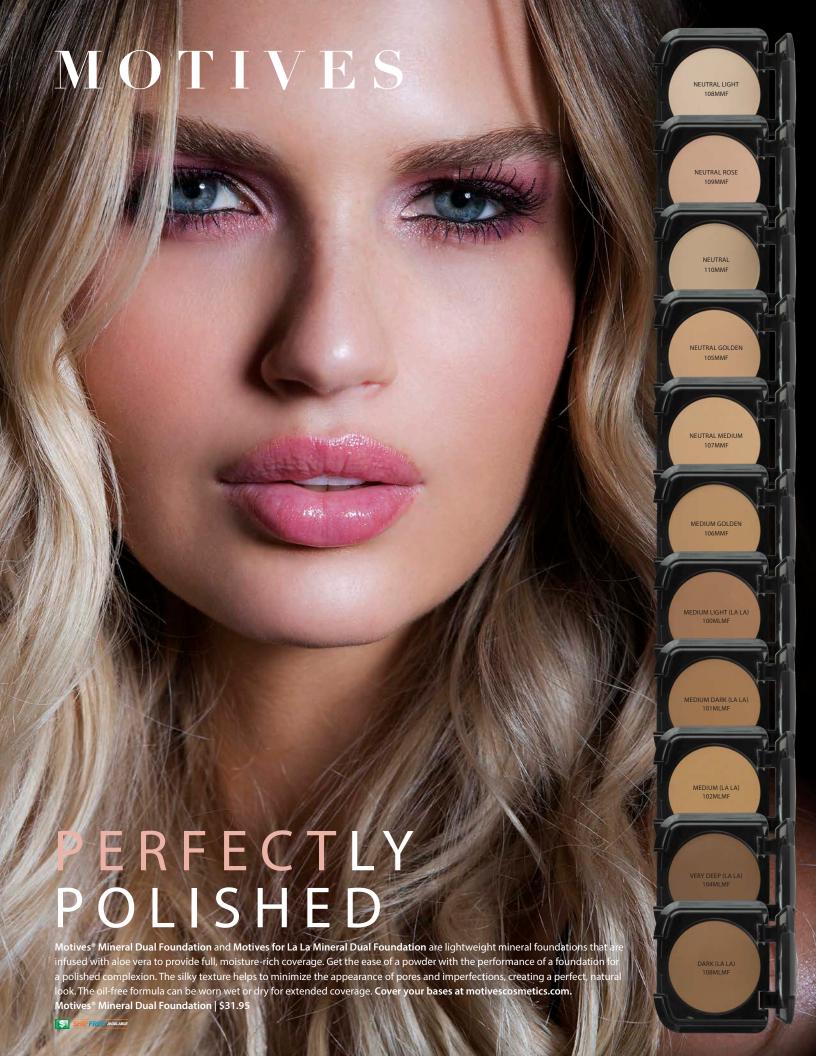

a good multivitamin/multimineral, is an excellent way to cover any gaps in our daily nutrient intake. Dietary supplements can also be a good complement to supporting specific health areas. For example, if you are concerned about good heart health, you might consider supplementing with ingredients like red yeast rice, omega-3 fatty acids, coenzyme Q10, and astaxanthin. Joint health can be supported with curcumin, Pycnogenol[®], glucosamine and hyaluronic acid. If you're concerned about maintaining good prostate health, zinc, selenium, reishi mushroom, saw palmetto and plant sterols are just some of the ingredients to look for in a supplement.

Lastly, as men age it becomes more important to get regular health screenings. The AHRQ recommends regular blood cholesterol screening for men over 35 years of age. High cholesterol levels can increase men's chances of poor circulation, heart disease and stroke. In addition to cholesterol screenings, the AHRQ recommends that men get their blood pressure checked every two years since high blood pressure is a risk factor for strokes, heart attacks, kidney, eye problems and heart failure. Other screenings to consider include prostate and colorectal cancers, depression and diabetes. Getting regular health screenings is key to finding any potential health issues earlier rather than later.

Men's Health Week is in June. If you haven't already implemented some of these changes, this would be a great time to start.

SCIENCE REVEALS THE POTENTIAL WEIGHT LOSS BENEFITS OF CLA

RESEARCH SHOWS THAT THIS INGREDIENT CAN HELP YOU MEET YOUR WEIGHT LOSS GOALS.

BY BRANDON KEEL, CONTRIBUTING WRITER

It's getting warm outside and everybody knows what that means. An entire season of bare bodies is about to begin, and some are unprepared. For many, progress hasn't come as far as expected with that New Year's Resolution to get buffed up and beach-ready.

Maybe you're one of them. There's still some extra weight to lose. Maybe that stomach is a little embarrassing. But it's never too late to shed unwanted pounds and bring back that body, and confidence, from years past.

Luckily, some good news has surfaced in the scientific community about how to unlock the body's ability to transform into a fat cell incinerator. What's even more amazing is that this natural wonder already exists in humans. It's called conjugated linoleic acid — or CLA for short.

CLA serves a number of purposes in the body. It plays a key role to maintain health in areas ranging from the cardiovascular and immune systems, to regulating cholesterol levels and body composition. That last one is the main focus here.

An article recently published in the *Journal of Lipid Research* demonstrates how CLA is able to decrease the number and size of adipocytes, coupled with lower glucose uptake and higher

fatty oxidation.1

Simply put, that just means it works in two powerful ways toward a tighter waistline.

Number one. CLA impairs fat storage in your body, especially around the gut. By lowering the likelihood of even more weight gain, it helps get solid ground to start targeting existing body fat. In other words, it only gets better from here.

Number two. CLA may also be able to adjust your body's metabolism to begin using up more fat as energy rather than glucose. CLA redistributes fat to fat-burning muscle tissue. Same amount of energy, with more fat loss.

Additional studies even show that CLA promotes CPT (carnitine-palmitoil-transferase) activity, so fat is burned up faster — leaving less of it hanging around to be stored in your body.¹

But possibly the best thing of all is, when taking CLA, the body is able to preserve muscle tissue and promote lean body mass.

With all this information available to support numerous weightloss benefits, it's easy to understand why CLA is such a sought-after supplement to a normal diet and exercise routine.

THE SHOPPING ANNUITY: GO ALL IN

THE REWARD OF FULLY COMMITTING TO THE SHOPPING ANNUITY IS WELL WORTH THE EXTRA EFFORT.

BY HEATHER SYKES

By now, everyone understands the power of converting spending into earning with the Shopping Annuity® and has probably seen this power in action. However, are you realizing its full potential? The first step in leveraging the power of the Shopping Annuity is to switch all brands in your home with Market America brands. But in order to be a true Shopping Annuity expert, UnFranchise® Owners must make the commitment to go beyond that.

For some, the task seems daunting. It requires a change in habit and a little extra effort. But according to those who have made the commitment, it is well worth it.

The following UnFranchise Owners have a few ideas to share. Here is how they maximize the Shopping Annuity in their everyday spending and beyond:

Ryan and Sarah Rose Stack, Supervising Coordinators

"Incorporating the Shopping Annuity started with simply choosing to move as much of our spending over to our website as possible. It sounds silly but we had 30-plus years of spending habits that we had to break, so it took a while to get into the new habit of going to our website first. Prior to the Shopping Annuity, our online spending was always an afterthought — something we did for stuff we didn't get at the store. Now, it's reversed and our online spending is primary. Our top three tips for getting the most out of your Shopping Annuity:

GET YOUR WHOLE HOUSEHOLD ON BOARD!

How much spending can you redirect to your SHOP.COM site if

you are the only one in your household doing it? We've explained the benefits to our kids so they understand why we are not going to just buy their sports equipment at the store, but rather go through the website. To make it fun and motivate them to participate more, we even set up their own Cashback accounts for the spending we do on their stuff.

NOT ALL SPENDING IS CREATED EQUALLY!

When we spend money on our website, we are always looking for the highest return on that spent money. Therefore, we start with BV products first because they have an average of 80 percent BV return. For anything that can't be replaced with a BV product, we go to the SHOP Direct Stores because those have around 20 percent IBV. For everything else, we will find a Partner Store with the highest IBV return. (Go to Stores on your SHOP.COM site; click on "IBV" and it will sort the stores from highest to lowest!)

By looking for the highest return, everyone saw bigger results from the Shopping Annuity® faster. It's simple math. For example, someone can spend \$35.96 on four bags of name-brand coffee through a Partner Store and get 1 percent IBV (0.35). We choose to spend \$32.00 on four bags of Marley Coffee and get 50 percent BV (16 BV). Someone else might buy name-brand detergent at Drugstore.com for \$6.99 (21 cents per load) at 4 percent IBV (0.27 IBV). We choose to

THE SHOPPING ANNUITY SHOULDN'T **BE SOMETHING YOU** THINK ABOUT — IT SHOULD JUST BE THE WAY THAT YOU BUY STUFF. MAKE SHOPPING ON YOUR WEBSITE AND THROUGH YOUR **BUSINESS YOUR HABIT.**

buy SnapTM at \$8.00 (13 cents per load) and get 65 percent BV (5.25 BV). While we are both technically doing the Shopping Annuity, we spent less money and got way more back in terms of volume.

SHOP Direct is another hidden gem. You're going to buy the same products anyway, but by buying from SHOP Direct you get a break on the price with way more IBV. For example, you can get printer paper from a Partner Store for \$6.99 and 1 percent IBV (0.07 IBV) or you can go SHOP Direct and get it cheaper at \$5.99 with 20 percent IBV (1.2 IBV). Both ways are redirecting your spending, but if you take the time to look for the highest return, you will all contribute higher IBV and BV amounts, which makes your forced multiplier stronger and everyone earn more money faster!

SHOP WEEKLY ON UNFRANCHISE.COM OR SHOP.COM!

The Shopping Annuity shouldn't be something you think about it should just be the way that you buy stuff. Make shopping on your website and through your business your habit. If you fully commit to it, you will create new habits and learn how to save more money while converting your spent money into an income."

Carol Huegen, Executive Coordinator

"I got paid to go to Disney World! I went to Raise.com, bought Dis-

ney eGift cards at a discount and used them to pay the balance I owed on my trip at the Disney website."

Trista Polo, Senior Master Coordinator

"My husband and I have always embraced the Shopping Annuity concept, even before it had the name. I remember a coring we had with our team. I got out a white folding table, and on one half of the table, I piled all the exclusive Market America products we used. On the other half of the table were all the products we purchased from Partner Stores. It was a powerful visual - even for me. We made the commitment to purchase from ourselves, because that is what anyone with a business should do, right? To see all the products from cabinets, closets, countertops and bathrooms – it really struck me.

Was there room for improvement? Absolutely.

When the Shopping Annuity Bonus Program came out, we really dug in and decided to go for it. No exceptions. Period. In the beginning of this absolute commitment we had a few occasions when we spent a couple of dollars more to buy from ourselves or went a few days longer than we wanted waiting for items to arrive.

That was just the learning curve, though. Since we plugged in and learned how to take full advantage of the Shopping Annuity, those things don't happen anymore. Now that we know the "stacking" tricks and the "buy three" trick, and we stay tuned in to the success stories of other UFOs, we rarely pay retail and often beat the lowest, best price anywhere on the internet. And our whole team gets paid. With this commitment, we have hit every SABP since it launched.

Thank you for the Shopping Annuity. For the first time, I feel like we are finally on the WINNING side of consumerism and have a shot at a life filled with choices and a comfortable retirement."

Fully converting your spending into earning involves a learning curve, but the rewards reaped are well worth it. Make the commitment to go all in with the Shopping Annuity! For more tips on converting your spending into earning, go to shopping annuity.com.

YTELLING

A PICTURE IS WORTH 1,000 WORDS — AND ABOUT 180 PERCENT MORE TO YOUR AUDIENCE ON SOCIAL MEDIA.

BY KAITLYN HODGINS, DIRECTOR OF CONSUMER MARKETING

You may have heard the saying before: a picture is worth 1,000 words. There is no platform where this statement has a greater meaning than on social media. Your content can generate up to 94 percent more views if you add compelling visual elements and graphics.*

Using visual elements to enhance your social media post or blog means much more than just slapping on a stock image. Just as headlines and calls to action need to be carefully and thoughtfully created, your visual content needs to be selected in the same manner (if not with even more selectivity!). It is vital that your content is high-quality, creative, attractive and representative of your products or business. And when visual storytelling is used in the right way, it can be one of the most effective marketing tools for your UnFranchise® Business. We know that this can seem daunting when you have so many resources at your fingertips, so we came up with a few tips to build your visual storytelling strategy on.

MAKE SURE THAT THE VISUAL CONTENT IS AUTHENTIC.

Your visual content will easily grab the attention of your audience. With the volume of information that is available to consumers and social media users, it is of utmost important for a business owner (that's you, UnFranchise Owner!) to hold their attention in a creative way. Audiences want real, candid moments - not boring stock photos. You want to tap into your audience's emotions to show the significance of a moment.

Think: Sharing a photo of your adorable 10-week-old puppy devouring its bowl of food that has PetHealth™ OPC-3 all over it don't forget to include the product in the photo!

USE AN IMAGE THAT GENERATES A SENSORY RESPONSE.

Images go beyond communicating an idea or pleasing the eye - they can bring back a memory, create warmth or want, or inspire. You want your audience to feel, hear and smell the images or the video. Crop your video or photo in a way that draws the audience's eye to where you want it to go and get personal with the scenery (home, family, vacation) for a more impactful response.

Think: A newborn baby using one of the DNA Miracles® products will catch the eye of any new parent out there and pique their interest in the line.

SHOOT FOR VISUAL CONTENT IN VIDEO FORM.

85 percent of internet users in the United States watch online videos, and most of them from their mobile device. That means that you are nearly always able to impact your audience with meaningful visual content. Don't be afraid to get in front of the camera and share things that are important to your business. It is proven that web users stay on a page (blog, profile, website) if there is engaging, quality video content.

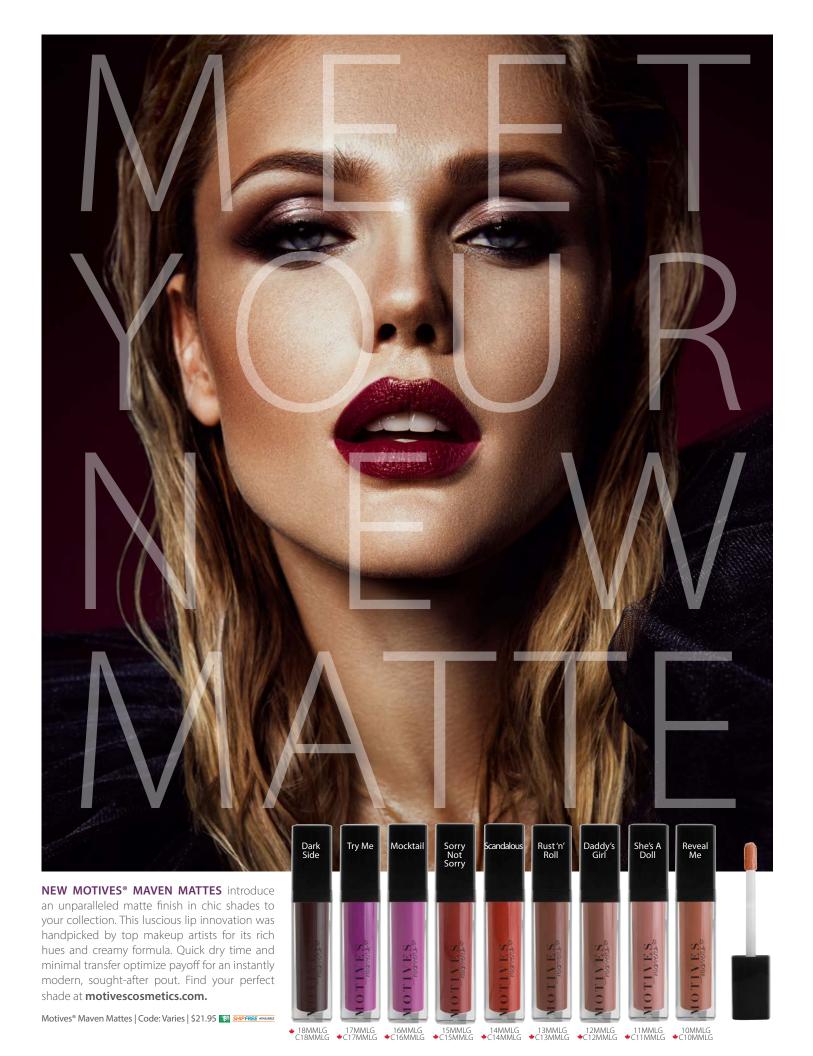

Think: Creating a Shopping Annuity® video that walks through each room in your house, explains what the Shopping Annuity is and how it can save you money and improve your family's lifestyle. Now that is some good video!

VISUAL CONTENT MUST BE RELEVANT AND APPROPRIATE.

We cannot stress this enough! If the visual content that you are sharing or using in your marketing strategy is not relevant to you as a human, the time of year, or the product or idea you are promoting, there is no added value to that content. Some of our tips for this are: choose bold images that illustrate your values, stay relevant to current events and cultural moments in time, and be cautious about being overly promotional during sensitive times like holidays or natural disasters.

Think: The right time to promote GlobalCare[™] Plant Power with a video of you using it in your own garden would be a fun weekend spring time post, but not after a natural disaster in your area that may have affected your neighbors.

If you are introducing a new product or idea, visual content is more understandable. This opens up a world of opportunity to marketing your UnFranchise Business.

COMING TOGETHER TO HELP OTHERS

THE PAST, PRESENT AND FUTURE EVENTS OF MA CARES HAVE INVOLVED AND WILL INVOLVE MANY VOLUNTEERS AND BENEFIT OUR ANIMALS, CHILDREN AND VETERANS.

BY SUZANNE HATHEWAY, CONTRIBUTING WRITER

MA CARES WAS VERY BUSY DURING THE FIRST QUARTER OF 2016!

ma Cares volunteers came together to help Susan Taylor, a woman who has dedicated the majority of her adult life by giving generously to her community. Volunteers performed upgrades to Susan's home after she experienced a fire in her kitchen. Volunteers were were able to re-purpose many of Susan's belongings, along with a few new additions, to make her home a dream come true! If you

missed the series on Facebook, go take a look at the transformation at facebook.com/maCares.org.

Faith Cares helped its newest veteran and service dog, Matthew Currin and Champ, when they completed their training and Champ received his red vest with ma Cares embroidered on it. We made a \$5,000 donation to paw4people, for Matthew and Champ, in their Pay-It-Forward program. This donation is used to provide another dog for a person in need.

Red Dog Farm received another \$5,000.00 check from ma Cares to go toward the ma Cares Relief Fund to help animals in need. The Relief Fund allows Red Dog to take in animals that they normally would have to turn away, like Poppy, who was hit by a car and suffered leg injuries, and was also heartworm positive. The fund gets them the veterinary care needed and when they are ready they are adopted into "fur-ever" homes.

In May, ma Cares began its school supplies collection with the local police department for their school supply drive for over 2,500 children. We want to ensure that all children have the tools and resources they need to have a fantastic learning school year!

If you attended the World Conference in February, you may have seen and/or purchased one of our Faith Cares t-shirts. Make plans now to visit our booth in August during the 2016 International Convention to see these shirts in new colors along with other goodies we will have for sale.

Our initiatives would not be possible without the generosity of our many volunteers and you. Contact us at wecare@macares.org for information on how you can get involved!

To understand the craft of Philadelphia-bred rapper Warchyld is to know the road that the man born Christopher Stoney took to becoming him. Early mornings of his childhood were spent under the tutelage of his musician father practicing the songs of popular acts, until his discovery of the legendary Run-D.M.C. put him on the path to becoming an MC. Stoney spent years in recording booths honing his style, until the violent streets of Philadelphia veered him off course and into a jail cell.

It was the wakeup call that he needed and in 2008, Warchyld seized control of his own fate. He took his talents to Miami and absorbed the Southern hip-hop hustle and business culture that birthed multiplatinum artists like Flo Rida and legacies like Cash Money Records. Soon after, he found himself on magazine covers, Billboard charts and a regular in radio playlists of DJs like Power 99 FM's Cosmic Kev, Hot 97's DJ Absolut, and the street's favorite disc jock, Kay Slay, with whom Warchyld collaborated for The Streets Is Back mixtape.

It has been an incredible journey for the past 16 years, and I have God to thank for this amazing opportunity. Hallelujah and praise the Lord!

When we achieved Field Vice President, I shared some words that God impressed upon me: as Moses was chosen to set his people free, JR was chosen to help all financial strugglers. I am sharing them again because I still stand by these words. JR's incredible vision and Market America have led many of us to our financial freedom. Yet, in truth, words are not enough to describe how thankful Joseph and I are for this.

As a gospel singer, my passion is to travel the world for missionary conferences. Prior to immigrating to Canada, I performed every week and worked with many churches in the Asia-Pacific region. During this time, Joseph had a well-paying job which allowed me to fulfill my passion worry-free. What a perfect arrangement for me! However, this all changed shortly after we moved to Canada 23 years ago.

Our optimism and hopes for a good life began to fade quickly once we settled down in Vancouver. In the first few years, it didn't feel so bad as we had some savings to tide us over while Joseph sought a permanent job. Yet, my husband encountered obstacle after obstacle with finding a suitable job. Boy, did those savings disappear real fast! My three children were also growing up so quickly and would soon need financial support for post-secondary.

Then in 1997, I learned about Market America. A friend introduced me to the products and I loved them. Even with such good results, I was skeptical to pursue this business venture but joined as a user anyway. By 1999, our financial situation was in dire straits. For months, I desperately sought God for help and throughout this time of fervent prayer and faith, I always felt a divine nudge to further explore the Market America business. When I finally took a leap of faith and gave the business plan a serious look, I was amazed. I

realized the business plan was incredible, and with the teamwork it incorporated, it was more than possible to solve our financial problems. Through our years of hard work, Joseph and I stand witness to our belief that MA is a vessel of God's grace to help lift everyone from their financial problems.

Last year, JR made the business more powerful by introducing the incredible and revolutionary concept of the Shopping Annuity[®]. What is this all about?

WHEN I FINALLY TOOK A LEAP OF FAITH AND GAVE THE BUSINESS PLAN A SERIOUS LOOK, I WAS AMAZED. I REALIZED THE BUSINESS PLAN WAS INCREDIBLE. AND WITH THE TEAMWORK IT INCORPORATED, IT WAS MORE THAN POSSIBLE TO SOLVE OUR FINANCIAL PROBLEMS.

In Chinese we say, "take your daily spending and find a way for the money to return to your pocket." This is exactly what this concept embodies. My son, as a young mechanical engineer, looked at this and realized the power of the Shopping Annuity. He told us, "Mom and Dad, since I shop online anyway, with this concept I can save money by earning money. Wow! That's simple." He became a believer, and started getting his friends on board.

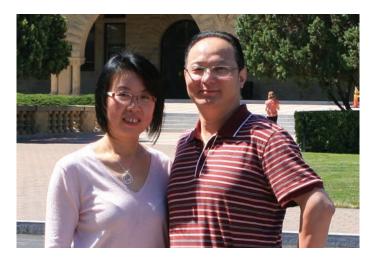

I am grateful to God for all His blessings. Through ma[®]/ SHOP.COM, I feel that I can be a vessel of blessings to others in financial need, and also have the financial ability to travel worldwide, fulfilling my missionary work.

As always, I would like to thank JR and Loren, the Corporate Team and all my business partners. If you have this opportunity in your hands, grasp it, treasure it and make your dreams come true. May God bless everyone and Market America!

MEET OUR DIRECTORS QUN LI & AIGUO LU

RICHMOND HILL, ON

RECEIVED \$18,000 - \$24,999 IN COMMISSIONS AND MANAGEMENT BONUSES WITHIN A FOUR WEEK PAY CYCLE.*

UFO Mag: How long have you been in the business?

Li & Lu: In December of 2005, we became UnFranchise Owners, and we started to focus on our UnFranchise Business in February of 2008.

UFO Mag: Outside of being a UnFranchise Owner, what is your occupation? If you are a full-time UnFranchise Owner, when did you make the transition from the 9-5 to being a full-time entrepreneur?

Li & Lu: Aiguo Lu was full-time engineer at a world famous automotive company located in Toronto, Canada for 10 years. He quit his job on Feb. 19, 2015. Qun Li quit her job and started being a full-time UnFranchise Owner in February of 2008.

UFO Mag: Tell us about your family.

Li & Lu: Both of us were engineers in China. We immigrated Canada on Sept. 17, 2004. Now we are full-time UnFranchise Owners. My son James is a student at the University of Toronto and also is our business partner. My mom lives with us.

UFO Mag: What are some of your personal goals?

Li & Lu: We want to be Executive Directors by Nov. 28, 2016. We want to enjoy holidays four months yearly and travel around the world with a group of positive people.

UFO Mag: What are some of your business goals?

Li & Lu: We want to help our team have four Directors, eight Na-

tional Supervising Coordinators and 16 Supervising Coordinators in the next three years. We try our best to help more people to find freedom like us. Our business will exist all over the world.

UFO Mag: If you could give three key points to help share the business and what it's done for you, what would they be?

Li & Lu: A. Have a positive attitude. B. Focus on the goal. C. Do the UFO program/SABP with your team.

UFO Mag: Have you been a challenge winner? Or recognized at any local, regional, or national events?

Li & Lu: We were President's Challenge winners in August of 2009, have reached UFO status 20 times, and hit the SABP all four quarters in 2015.

UFO Mag: What is your best moment, so far, with Market America and the business?

Li & Lu: The best moment was when ma acquired SHOP.COM in 2010. We hope to have SHOP.COM all over the world ASAP. It's time to let people know that Market America | SHOP.COM is a real way for average people to realize their dreams — both in terms of financial dreams and time freedom — in this challenging world.

UFO Mag: How has the NMTSS helped build your business?

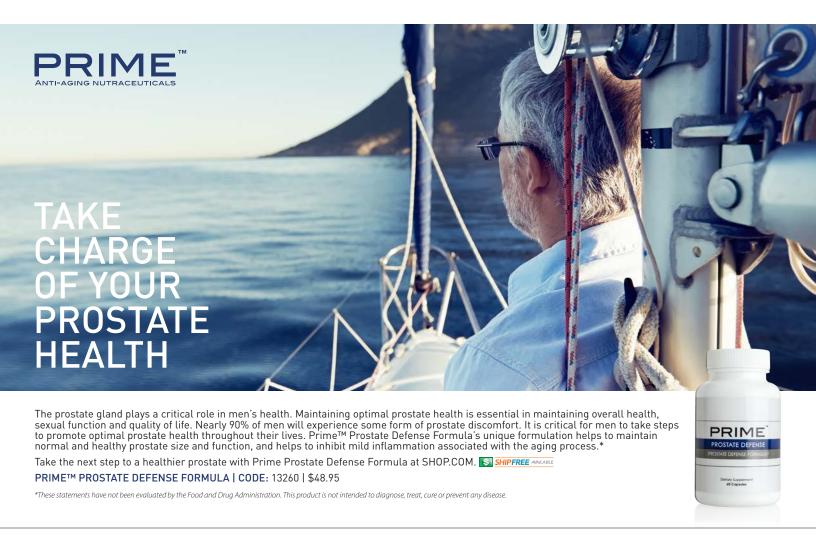

Li & Lu: It's necessary to leverage with the NMTSS; we cannot be successful without it.

UFO Mag: Is there anyone you would like to thank for contributing to your success?

Li & Lu: We want to thank our sponsor, Yiqun Wu, our team, JR and the Corporate Team.

MEET OUR DIRECTOR BING WANG

ALLEN, TX

RECEIVED **\$18,000 – \$24,999** IN COMMISSIONS AND MANAGEMENT BONUSES WITHIN A FOUR WEEK PAY CYCLE.*

Eleven years ago, when I was sitting in Alicia Quan's kitchen to sign up for this business, I never ever thought that it would transform my entire life. Like many people stuck in the suburban middle class, I was just looking for an opportunity to relieve some financial pressures. And for a long time that's exactly what Market America was to me.

After I went through some personal trauma, my idea of what Market America was and what it could do for my life began to change. First and foremost, I believe in our products, and it's this strong belief that led me to really investing myself in this business.

Market America has given me so much. Beyond the obvious financial gains and our fantastic products, it's taught me so many more intangible things that I will carry with me for the rest of my life. Market America taught me how to set goals, and, more importantly, how to accomplish them. Market America has given me the chance to meet new people, and the wisdom to recognize that we can learn something from everyone we meet. Beyond just giving me the financial means to live the life that I want, Market America has inadvertently evolved me as a person.

I never thought that I would achieve this level of success. The biggest goal I ever imagined for myself was building just one Business Development Center. That's all I wanted, but now that I've achieved that it's become so much more than that. I want to help people, not just myself. Whether it's through introducing our products to those who need them or helping my team achieve their goals, I want to keep going.

I really appreciate the NMTSS. This system changed the way I think and that is huge. It turned me into a business woman. Each training contributed to how I view problems and taught me how to solve them. I will always be a student in this system. Not only does it teach you how to succeed, it inspires you to do better and to be better. When you hear so many success stories weaved with hard work, diligence, and passion, it fuels you to reach the next level.

Also, I want to thank JR for his Shopping Annuity[®] Bonus Program; this concept gives everyone an opportunity. It changes what we already do — which is to shop — into something that also generates income for ourselves. All we need to do is convert spending

into earning, connect people, and collect buying power.

Lastly, but most importantly, I want to thank every single one of my business partners; I would have never come this far without all of your support and hard work. And thank you to the best possible business partners a girl can ask for: Jana and Elaine! There is nothing better than to succeed alongside the people that came up with you.

This business is what you make of it. For every drop of blood, sweat, and tears you put in the system, it will eventually pay you back in dividends of laughter, joy, and self-fulfillment. If you work hard and allow JR's vision to guide how you work, you will succeed.

RECEIVED \$18,000 - \$24,999 IN COMMISSIONS AND MANAGEMENT BONUSES WITHIN A FOUR WEEK PAY CYCLE."

UFO Mag: How long have you been in the business? He: I have been in the business since July of 2011.

UFO Mag: Tell us about your lifestyle.

He: Aside from work, I love to travel with my family, watch movies, read and relax at the local parks - which all rely on the stability of my UnFranchise income.

UFO Mag: What are some of your personal goals?

He: I aspire to take better care of my parents and my family by creating a better environment for both of them with the UnFranchise Business. I hope to improve the lifestyle of everyone around me to the best of my ability.

UFO Mag: What are some of your business goals?

He: I dedicate myself to expanding my UnFranchise Business using the NMTSS. I strive to build a team that will be the foundation of my success. And in the process, I will do my best to help the colleagues in need on my team and move forward together.

UFO Mag: If you could give three key points to help share the business and what it's done for you, what would they be?

He: First, the UnFranchise Business has truly given me freedom and stability in my everyday life. Second, it has given me a direction for the future, creating an obtainable American dream. Lastly, it has helped me gain the patience, generosity, gratitude and determination that I rely on in order to succeed today.

UFO Mag: What is your best moment, so far, with Market America and the business?

He: The most unforgettable moments have been when my friends achieve the business success that they deserve. I especially loved when JR gave a speech for me at the International Convention.

Attending the Market America International Convention became a moment in which I knew that this business was the breakthrough opportunity that I had always been looking for. I believed in the potential of the business and my own ability to expand it and con-

tinuously gained success from my perseverance. I owe my success to the founder of Market America and all the helpful hands in my life.

UFO Mag: Is there anyone you would like to thank for contributing to your success?

He: I would like to thank JR for founding Market America and providing ordinary people like me with an entrepreneurial platform. I'm also grateful to my supervisor, Jessica, who recommended the business to me, and every colleague I have had the fortune to work with in my team.

UFO Mag: How long have you been in the business? **Hus:** I have been with Market America for 14 years.

UFO Mag: Outside of being an UnFranchise Owner, what is your occupation? If you are a full-time UnFranchise Owner, when did you make the transition from the 9-5 to being a full-time entrepreneur?

Hus: Prior to Market America, I was a business owner operating three photo shops. After three years of working part-time with Market America, and due to the new technology that had affected the photo industry, I decided to give up my 16 years of traditional business to work full-time on my Market America business.

UFO Mag: What do you and your family like to do for fun/recreation? **Hus:** Even though we are fairly busy and travel often, we would like to keep an active life with hiking, walking, and bowling.

UFO Mag: Tell us about your lifestyle.

Hus: This business has allowed us to travel more and spend more time with loved ones. We have been able to mix leisure and work while enjoying what we do as well.

UFO Mag: What are some of your personal goals?

Hus: Our goal is to obtain peace of mind, pursue our own personal growth, and to achieve financial and time freedom while helping many others to do the same.

UFO Mag: What are some of your business goals?

Hus: Now that we have achieved the Director level, our next goal is the help 10 more partners to complete their first BDC other than the eight who have done so.

UFO Mag: If you could give three key points to help share the business and what it's done for you, what would they be?

Hus: We know that in order to obtain a good lifestyle, one has to have time and financial freedom. But more importantly, one has to be in good health to do so. Unfortunately, it is very hard to obtain all three if you are working for other people or working as a small business owner. Market America has given us a chance to have an optimum lifestyle through our products and our MPCP.

UFO Mag: Have you been a challenge winner? Or recognized at any local, regional, or national events?

Hus: We have been UFOs and Certified Trainers multiple times.

UFO Mag: How has the NMTSS helped build your business?

Hus: Since we have developed an international organization in eight different countries, the NMTSS has provided us with the standard-

ized and uniformed training system which has helped us educate our partners so that we can all communicate on the same page.

UFO Mag: Is there anyone you would like to thank for contributing to your success?

Hus: Over the years, my mentors such as James Kuo, Marian Kuo, Teling Chou and Emily Cheng have given me an enormous amount of guidance, support and encouragement in order for me to overcome all the obstacles and challenges along the way.

Six years ago when I started growing my TLS®/UnFranchise® Business I heard often that "life begins at Director." I had no idea what that actually meant, but it sounded great, as I am passionate about living my life, so I decided to make that my goal and create action plans to hit a new UnFranchise Level every year. Little did I know at that time what that truly meant, how many lives I would have to invest in, and what I would have to become in the process to reach that level of growth.

All I can say to explain it is that this business takes you on an incredible journey - you get to see and be a part of amazing transformations in people's health and quality of life; you meet amazing, like-minded people who become your best friends and your business partners; you fall down and you get back up and become stronger and more resilient than you were before.

You #FindYourFit and you become #unstoppable. I look forward to seeing what the upcoming year has to bring my life and my team. A new adventure and a new level of life awaits us all. I feel blessed to be on this journey with all of them and to be a part of the mission to help grow TLS to 100 million as Dennis Franks put out to us as TLS Trainers, which means changing the health and quality of life of thousands more people!

Thanks to Market America for giving me the opportunity to earn ongoing income while having fun with my children. Through this business, I have met a lot of positive and grateful people. They became not only my friends, but also my family! I want to thank my sponsor Becky for introducing the business to me. The system truly works for everybody as long as you work on it!

Bing Liu Southlake, TX

Market America came into my life when I least expected it. I am excited to live life to the fullest! My ma® journey has been way beyond my expectations; I never thought I could guit my job at a young age. The personal growth, health, friendship and recognition make my life so meaningful. Many thanks to my mentors, leaders and my outstanding team; I look forward to reaching the top with my GoNows!

When I started the business, I was extremely un-coachable and egotistical. I thought my professional background and the way I was were sufficient to build my own business on my own. After several mistakes, I realized that the system is the key to this business. Working with my senior partners and listening to them has allowed me to succeed. Success is not easy but hard — and definitely worth it. Thank you, Market America.

Yan Wang West Covina, CA

I have a healthy life and work hard. I want to make my group stronger and achieve the best. I believe success in the business is accomplished by telling others what you are doing, introducing others to the products and the UnFranchise® Business, and allowing yourself to become a nice person — sometimes personality makes you successful. I am thankful to everyone who helped me get this far.

Yongxian Gao Monterey Park, CA

Two years ago, a UBP woke me up. I saw that the Market America system works very well. Then, Convention touched my heart. JR said that this business is for ordinary people. He helped me believe in my future. I believe that one day, time freedom and financial freedom will happen to me. I love JR, Loren, the Corporate Team and Market America forever. I love my business, my team and my partners. Thank you!

Through exposure to the NMTSS we quickly became aware that the UnFranchise® Business Development System is a much better investment for us than our traditional business. The result of following this proven business plan has allowed us to transition from our original intent of using the MPCP as a retirement account, to that of a primary source of income and has allowed us a flexible lifestyle. Not a day has gone by where our ma® business has

not blessed and afforded us options that we never dreamed possible.

Lijuan Wang & Jianhua Zhang Edmonton, AB

We started our UnFranchise® Business in 2013 because we loved the Isotonix® products. Market America really provides a wonderful platform for all UnFranchise Owners who want to change their lifestyles and find financial success. We really appreciate everything that JR, my senior partners, leaders and our dear team have done for us. We will keep doing our best to work with our team members to

achieve the goal of financial independence and time freedom.

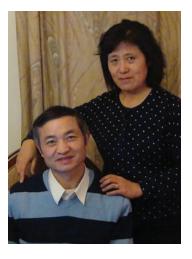

Clemant Siu & Wanyi Chen Sarasota. FL

I was a graphic designer. I left my job and devoted myself to the UnFranchise® Business full time in 2008. Because of my Market America business, I can travel everywhere with my team, my family and my friends. Thank you to Market America, JR's family and the Corporate Team. Special thanks Jeremy Fennema, Sarah Rose Stack, Vikki Lee, Joanne Hsi, Dolly Kuo, all the leaders and my team for helping me grow my business.

Zhenzhen Zhang & Deguang He Newton, MA

My advice is to use products, suggest products, keep studying, attend events, host corings, listen to webinars and audios, and keep sharing this business with other people.

Michelle Tran & Thomas Duong Fountain Valley, CA

We both work full-time for a retail pharmacy. We build our UnFranchise® Business at any available time, about 15 hours per week. I love to see my team growing and members making money from commission checks. Be persistent; never quit. Build good relationships with everyone. Believe in what you are doing. By doing those things you can succeed. I want to thank my sponsors Thuy-Linh Nguyen and Andrew Doanh Nguyen, and senior partners Elain Tam and Andy Dao Le.

This is the only proven system to help average individuals obtain an above average, ongoing income. I never would have been able to help people live the lives of their dreams, but here I can connect them with the opportunity to do so. There are too many people I need to thank! I have to thank all the senior partners that held my hand step by step and all my team that took a leap of faith with me to join me in this journey.

Cathy Nguyen-Lu Mississauga, ON

I want to be a successful Market America UnFranchise® Business Owner so that I can have the time and financial freedom with my family. I know I am on the right path. A special thanks to Debbie, and my best friend Mika, who believed in me from the start. Also, my senior partners, friends and family who have supported me and encouraged me to achieve my goals. I could not have done this without my awesome team.
