

## THE MAKEUP GURU | JACKIE GOMEZ

33 / CELEBRITY MAKEUP ARTIST  
MOM OF MASON, 3, AND MADISON, 2 MONTHS

**“No matter how tired (or lazy!) I am, I never forget to wash my face. I know firsthand how important healthy, clean skin is when creating a gorgeous makeup look, so I practice what I preach.”**

One of the youngest of 10 girls in a big family, Jackie developed a love of makeup early. In high school she worked as a nanny for a music industry veteran, who later introduced Jackie to a few top makeup artists. She spent three years as a makeup assistant, accepting every job that came her way. A decade later Jackie is recognized globally as one of the best in the biz, thanks to her work with celebrities like Kerry Washington and Zoe Saldana, numerous fashion magazines and top designers. Her husband, Anthony, and family are her biggest supporters. “They encourage me to do it all,” she says, “even when that requires a little juggling.” Between photo shoots, celebrity events and two young kids, Jackie definitely has her (artistic) hands full.
