WHAT MAKES THIS PRODUCT UNIQUE?

Even in seemingly good times, stress is something we cannot escape; not only does it have an effect on us mentally, but it can also impact us physically — including on our waistslines. Specially formulated with holy basil and ashwagandha, **TLS ACTS (Adrenal, Cortisol, Thyroid & Stress Support) Formula** works specifically to promote healthy adrenal gland function, cortisol levels and thyroid function to help manage stress levels and minimize weight gain that is associated with increased stress. TLS ACTS doesn't just mask the problem of weight gain — it addresses the root of the problem by helping your body adapt to stress and assisting you with your weight management goals.*
