Spirulina, 2 Tbsp

*Please download vegan and vegetarian handout for more information.

Detox Tips:

Do not engage in strenuous physical activity, even if you are used to it. Instead, participate in yoga, walking or gentle stretching.

Get plenty of rest and sleep. You may feel more tired than usual the first few days of detox. By the end of the week, you should feel energized.

Use spices and herbs, small amounts of lowsodium soy sauce, salt, pepper and vinegar.

Choose raw or lightly steamed vegetables.

Do not skip meals.

This is a great time to meditate, listen to relaxing music and engage in other stress-reduction activities.

Think about the commitment you are making to yourself, what you stand to gain and how accomplished you will feel.

How often you participate in a 7-day detox program will depend on your particular needs. Some people choose to complete the detox up to four times a year (every three months). It is recommended that you undergo a detox program one to three times each year.
