Ready, Set, Go!

Creating your own success has never been easier.

OVERVIEW

Our 30-Day Jump-Start Kit is designed to start your weight loss journey the right way. We know you want fast results without compromising flavor or satiety, and that is why this Jump-Start is just the place to start. The two phases will get you looking and feeling great in no time. Phase 1 is a cleanse — a fresh start that not only gently cleanses your digestive tract but helps curb your cravings and prepares you for the second phase, which is the fat-burning phase. During the second phase, you will modify your food plan and add in exercise*. This is where you really will see a loss of fat and inches.

PHASE 1 — DETOX CLEANSE	PHASE 2 — FAT BURNING
<p>DAYS 1–7</p> <p>Kick off your weight loss journey with an invigorating cleanse! Phase 1 will curb cravings for sweet, fatty and salty foods while supporting your weight loss efforts. Bursting with fruits and vegetables, this detox is the first step to a brand new you.</p>	<p>DAYS 8–30</p> <p>Accelerate your weight loss efforts during Phase 2. Specially created to target stubborn fat, during these weeks you will reach the maximum phase of fat loss. In this phase, you'll shed those extra pounds of fat and ultimately feel better, both physically and emotionally.</p>

*Consult your healthcare provider before starting any weight management or exercise program.

TLS® JUMP-START STRATEGIES

- **Get plenty of sleep.** Getting adequate sleep helps your body function optimally and burn more fat.
- **No skipping meals.** Do not go more than four hours without eating while awake. Eating consistently as our plan outlines keeps your blood sugar levels even throughout the day. This assists with not only having more energy but also being able to burn more fat!
- **No alcohol.** We know this may be a challenge for some, but alcohol negatively impacts your weight loss and health goals by turning to sugar and storing as fat.
- **Drink water.** At least 64 oz a day. There are so many health benefits aside from weight loss, so drink up.
- **Use spices and fresh herbs to enhance your meals.** Eating healthy should not mean bland. You can use fresh garlic, ginger, basil, cilantro and parsley. And a dash of salt, pepper, hot peppers, cayenne, turmeric, vinegars, mustard, Bragg Liquid Aminos or low-sodium soy sauce goes a long way.
- **No grains, starches or dairy.** You'll be getting your carbohydrates from fruits and vegetables!
- **No sugar or artificial sweeteners.** Once you complete your cleanse week, you will notice your taste buds naturally adjust and foods taste sweeter, so you won't even need extra!
- **Choose raw or lightly steamed or grilled vegetables.** While there are studies that show raw veggies may be better at times, we just want you to get your veggies in!

TIPS FOR TAKING “BEFORE AND AFTER” PHOTOS

Pictures speak louder than words. Before getting started on your TLS® 30-Day Jump-Start, be sure to take “before” photos. After just 30 days, you will see the physical rewards of your hard work.

- Photos should be full-body shots (from head to toe) consisting of one (1) shot each from the front, side and back. Posing for a “before” picture in a bathing suit isn’t the thing most people like to do, but seeing how far you’ve come and the change to your shape is worth it! If you prefer to do privately, just set your camera or cell phone camera to a timer and take it by yourself. Just be sure to take them!
- Photographic area should be well lit; dim lighting prevents detailed viewing.
- Along with your photo, we would love to hear about your journey. Be sure to tell us your story along with how many inches and weight you’ve lost! findyourfit@marketamerica.com

SHOW FULL BODY — HEAD TO TOE

Ditch the diets for good; the TLS® system will keep your blood sugar levels even throughout the day, which assists in improving energy, mood and keeping you in fat-burning mode!
