YOUR GUIDE TO A HEALTHY WEIGHT
WHAT ARE YOUR GOALS?

- Why do you want to manage your weight?
- What is your ideal weight?
- How will your life be different when you achieve your ideal weight?
Why do you struggle with weight?

- Too much to do for everyone else
- I don’t have time to exercise
- I don’t like to cook
- I spend a lot of time at work
- I’ve tried to diet, but nothing has worked/I’ve fallen off the wagon
- I make poor food choices
- I eat too much, too often

WEIGHT MANAGEMENT ISN’T UNIVERSAL

• There's no one-size-fits-all plan for weight loss. What’s right for someone else isn’t always right for you.

• Many commercial weight loss programs place an emphasis on what to eat, not how to eat.

• Many programs focus on weight loss, rather than actual fat loss. True health and fitness is the result of an optimized ratio of muscle to fat.

The saying goes, “Muscle dictates metabolism.” The less muscle you have, the slower your metabolism. The more you have, the stronger your metabolism.
WHAT IS THE TLS SOLUTION?

Four Components

Low-Glycemic-Impact-Eating
• It’s about eating right, not eating less.

Body Composition
• Focusing on fat loss instead of weight loss.

Science-Based Supplementation
• Working with your body to enhance weight loss efforts.

Education
• Being aware and changing unhealthy behaviors for life.

TLS®
LOW-GLYCEMIC EATING

WHY LOW-GLYCEMIC IMPACT?
Leading a low-glycemic-impact lifestyle doesn’t have to be complicated. Here’s a quick intro on how the GI of foods affects your metabolism and helps you burn fat.

HIGH-GI FOODS spike your blood sugar, causing you to leave the fat burning zone...

...and lead to sapping your energy.

A balanced diet of low- and medium-GI foods gets you back on track to find your fit.

Eating low- and medium-GI foods keeps you here.

This is your fat-burning zone ideal for weight loss.

Chapter 4

Exercise and Body Composition

“It’s not about pounds, it is about inches. You have to build muscle to burn fat.”

This will be the last program you will ever need!

Chapter 8

Believing in Yourself

“You have had accomplishments and devastations in your life, and are a stronger person because of them.”

This will be the last program you will ever need!

What are your options?

TLS Weight Loss Solution is the most customizable weight loss program available today.

Finding a solution that fits your lifestyle has never been easier.

*These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure or prevent any disease.
Why it’s for you:
You’re looking for a healthy way to take control of your weight, fast. You’re committed to staying focused and following a regimented plan. You want to focus on flushing your body of toxins, curbing your unhealthy cravings and obtaining optimal body composition.

Results to expect:
The seven-day detox cleanse, Phase 1, will purge the body of toxins and prepare it for Phase 2, fat-burning. With Phase 2, you can lose up to 10 pounds.

*Consult your physician or other healthcare professional before starting this or any other exercise program. If you experience faintness, lightheadedness, dizziness, pain or shortness of breath at any time while exercising, you should stop immediately and consult your physician or other healthcare professional. Do not start this program if your physician or healthcare professional advises against it.*
