

TLS[®] ONLINE PARTY FAQs

#FINDYOURFIT

As the host, how do I receive my 15% in free products after hosting an online party?

Your TLS Coach (AKA: Shop Consultant) will contact you with the total sales and product credit you have earned from your online party. The free products are awarded to you by your TLS Coach and not TLS Weight Loss Solution, the company. Please share with your TLS Coach the products you would like to get based on the party sales

How do I invite my friends and family to my online party?

Once your party is setup, it's as easy as accessing your party page from "my account" and sharing your party link on Facebook and social media. You can also use the link sent to you in the email you received once the party has been scheduled. This link can be used to email friends as well.

How do my online party guests get 10% off their purchases?

When a friend visits your party link a 10% discount will automatically be applied to their order as long as it is placed before the party ends. Please note, discount will only display when placing the order.

As the hostess do I also get 10% off?

Yes, as the hostess you get 10% off of your purchases during the duration of the party (by visiting your party page) and in addition you get 15% in free product on your friends' purchases (not on your own personal purchase).

Does the 10% party discount expire?

The 10% discount is valid for the length of the online party.
